## ANNEXURE- I

SI	RFP Clause	Issue Raised & Suggestion by the Bidders	Clarification
1	<p><b>6.6 Evaluation of Financial Proposals</b></p> <p>The financial proposal shall not be opened till the technical evaluation is complete. The financial proposal of only such Applicants will be opened who obtain minimum qualifying <b>75 or above</b> Marks prescribed. In case if only 1 bid qualifies on the score of 75, then the minimum qualifying marks will be considered as 65 marks. Out of the technically qualified applicants, the final selection shall be based on <b>Least Cost Based Selection (LCBS)</b>.</p>	<p><b>P.Puneet &amp; Co., Patna</b> Selection of Chartered Accountant firm's for Outsourcing of accounting and Financial Management Services at Bihar Council on Science &amp; Technology and its organizations (it seems that organization is interested to obtain quality Accounting and Financial Management services which is evident from its qualifying eligibility criteria , but at the same time criteria for final selection of the firm is LCS method which do not match with the main objective of the organization in our opinion. Hence we request you to selection of the firm should be based of <b>QCBS method</b> instead of <b>LCS method</b>. Hope organization will consider or above suggestion.</p>	<p><b>Not Accepted.</b></p> <p><b>Clause 6.6 will remain as usual.</b></p>
		<p><b>Singhania Agrawal &amp; Co., Patna</b> Selection of Chartered Accountant firm should be on Q.C.B.S (method) in place of L.C.S. (method) published in RFP for sound competition &amp; Quality Financial Management Services. Hope, management will pay attention to our above suggestion.</p>	<p><b>Not Accepted.</b></p> <p><b>Clause 6.6 will remain as usual.</b></p>
